1. What did Navya and Dada ji see at the bus stop?

Ans. Navya and Dada ji saw a red postbox at the bus stop.

2. How does the post office help people stay connected with each other?

Ans. The post office sends letters, cards, and parcel. It helps people talk to those who live far away and keeps family and friends connected.

3. Why do you think it is important to save money?

Ans. It is important to save money because it helps us buy useful things later and face emergencies.

4. How did people communicate long ago, before mobile phones?

Ans. Long ago, people communicated using drumbeats and carvings on rocks. Later, people started sending letters carried by messengers and pigeons after that, the postal service came into being. It was used to send letters, parcels and important documents to others. With time, new inventions like the telephone, radio and television made it easier to communicate, and share information.

5. Why is it important to have hospitals in a community?

Ans. It is important to have hospitals in a community because they take care of people's health. Doctors and nurses treat sick and injured people, provide medicines, and help in emergencies. Hospitals also help in preventing diseases and keeping the community safe and healthy.

6. What is an ATM and how does it help people?

Ans. ATM is a machine to withdraw money anytime. ATM makes banking faster, easier, and more convenient for everyone.
